

Please Join
The WVCA, Alliance Coal, ACNR, & Core Natural Resources

For a very special round table discussion with the WV Senate Leadership at the **Waterfront in Morgantown, WV on July 30, 2025 at 4pm**. There will be a reception immediately following from **5pm to 6:30pm**.

We are holding a personal round table discussion to hear directly from the senate leadership team. Senate President **Randy Smith**, will be leading the leadership team in discussing the past legislative session, the future of West Virginia, and their commitment to the economic growth and grid stability of the state.

Join us to celebrate the conservative policy successes during the 2025 legislative session while contributing to an important initiative! This session delivered bold economic wins, including House Bill 2014, which positions our state as a magnet for high-tech data centers, creates jobs, and funds personal income tax cuts to boost residents' wallets, all while protecting our power grid and creating a culture of growth for West Virginia produced base load power. By streamlining regulations and championing pro-business policies, our leadership is driving prosperity and opportunity across West Virginia. Support their vision for a thriving future—attend and contribute today!

We ask that you join us to personally hear from the team and help them continue moving the state forward. We ask you to consider attending the roundtable and reception by contributing **\$25,000** in personal or corporate donations to the “**Mountaineer Conservative Coalition, Inc.**”, A 501(c)4 whose focus is educating West Virginians on the conservative backed issues that will move our state in the right direction (***PLEASE NOTE THERE IS NO MAXIMUM DONATION & COMPANY CHECKS CAN BE ACCEPTED***). Additionally, you may donate **\$10,000** to attend only the reception and enjoy an evening of stories and fun conversations.

We hope you are able to join us in making this a great night for everyone.

Sincerely,

WVCA
Alliance Coal
ACNR
Core Natural Resources
